

This is a simple guide to using our app, Team Step. When you first launch the app, you will appear at the login

page:

If you already have an account, you may enter your login details in the correct forms.

Then, click the “LOGIN” button circled in red.

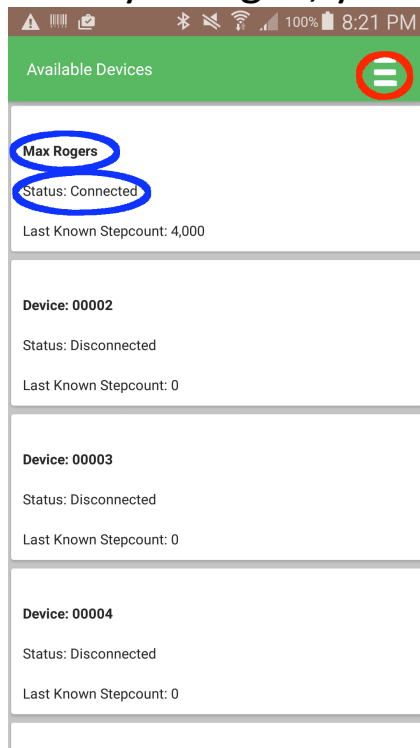

If you do not have an account, click the “No account yet? Create one” text circled in blue.

The screenshot shows a mobile app interface for 'TEAM STEP'. At the top, there's a status bar with icons for signal, Wi-Fi, 100% battery, and the time 10:30 PM. Below the status bar is the app's logo, which consists of the word 'TEAM' in a bold, sans-serif font, followed by a stylized winged foot icon, and the word 'STEP' in a bold, sans-serif font. Below the logo, there are three input fields: 'Name' with the text 'Max Rogers', 'Email' with the text 'roger048@rangers.uwp.edu', and 'Password' with a series of dots. Below the input fields, there are two buttons: a green button with the text 'CREATE ACCOUNT' and a blue button with the text 'Already a member? Login'. The 'CREATE ACCOUNT' button is circled in red, and the 'Already a member? Login' button is circled in blue.

If you need to create an account you will arrive at this screen where you can input your name, email and create a password. If you accidentally clicked create account on the last screen, you can return to login by clicking the text circled in [blue](#).

Otherwise, enter your name, email, and create a password. Remember to use a strong password using at least 8 characters and a good mixture of upper/lower case letters, numbers, and symbols. Once you are done, click the “CREATE ACCOUNT” button circled in [red](#).

Once you log in, you will arrive at the home screen:

These separate cards will be the mi bands which are in range of the phone. The first item circled in blue will either display the name assigned to the device or the device number. The second item circled in blue is the status of the mi band, whether it is connected to the phone or not. And the third item is the number of steps associated with the band.

In order to assign a name to a device for future reference follow these steps:

- 1.click on the card which is in range
- 2.connect it by pressing the band's flashing section
- 3.enter a name to associate the band with

You may reach the menu to logout or see other information by clicking the menu button in the top right circled in red.
